EDUCATION

MICROVERSE   January 2022 – November 2022
Remote Full-stack Web Development Program, Full Time
- A full-time program that required work across time zones while pair programming with other software engineers worldwide.
- Leveraged Agile methodologies requiring excellent communication skills to share project status updates, plan daily workflow, create solid documentation, and attend daily standups.
- Used and taught mentees industry-standard git-flow.
- Coding projects included front-end, back-end, and full-stack projects using Ruby on Rails, JavaScript, React, HTML, and CSS -- and included unit testing when applicable.
